Guidance for Club Secretaries

A “heads up” of what you will need to deal with prior to and during the Season.

- If you intend to hire a pitch from one of the local councils they normally require applications to be made soon after the end of the season and certainly by no later than mid June. Local councils normally notify pitch allocations at the end of June. If you are approaching a private hirer such as a School they may work to different time scales so the early approach is still the best.
- Application to join the League should be with the Secretary by **no later than 30th April** although applications from Clubs will be considered up to a period prior to the AGM held at the end of June.
- The League is only permitted to admit Clubs who are affiliated to Essex County Football Association. **The deadline for affiliation is 1st July and evidence of affiliation must be sent to the League Secretary by no later than 8th July.**
Late Affiliation with ECFA will incur an additional fee and the Club being excluded from the County Cup and Trophy Competitions.
- The League operates Player Registrations via the Whole Game System. More guidance on this is available from the League Registration Secretary. You need to ensure you have at least 12 players registered. **no later than 1st September** in order for Players to be eligible to play in the first game of the season.

The League is not permitted to register Players under the age of 16 years or after the last day of February.

- The League Treasurer will issue a Pre-Season Account that will comprise:

New Club Deposit	£ 100.00	
League Fee	15.00	per team
League Cup	5.00	per team
Charity Cup & Donation	20.00	per team
Player Registrations (15)	45.00	per team

Total Pre-Season	£ 185.00	

The Pre-Season Account is **payable on 1st August** [Rule 2(B)] and must be **paid by no later than 1st September** or by such date indicated on the account.

- The Treasurer will issue an End of Season Account during March that will include the charge for any Players that have been registered during the course of the season in excess of the initial 15 that were charged for in the Pre-Season Account.
- The Fixtures Secretary will issue a Fixtures List that will schedule matches on a Home and Away basis subject to the availability of your pitch. The Home Club must contact their opponents on the Monday prior to the game to confirm the fixture and the location of the pitch where the game will be played. Potential clash of Club Colours must be resolved by the Away Team changing. The Home Club must also confirm the fixture with the League Appointed Referee or agree with their opponents who will referee the game.
- Each Club is required to notify the results of **every game** including County Cup and Trophy games, via the Full Time website using text messaging. .

In addition, each Club must complete a Match Result on the Full Time system and you must complete a Match Result on Full Tme for County Cup or Trophy games in addition to the result notification required by County.

The Match Result must be completed in full showing the forename and surname of each Player who participated in the match and the name of the Referee (either the League appointed or the volunteer who refereed the game) with an allocation of marks as indicated on the form.

- In the event that a scheduled Fixture is postponed due to adverse weather or some other cause, the Club responsible for the postponement must immediately inform the Secretary of the Opposing Club, the Referee, the Fixtures Secretary and the Referees Secretary (whether or not a League Referee was allocated. The form must be sent to the Registration Secretary as usual.
- In the event of a Club being found in breach of the Rules and a Fine is issued, the amount due must be paid to the Treasurer by no later than the date indicated on the Fine Invoice. If the breach of Rules involves an unfulfilled fixture the Committee will decide whether the game can be replayed or make an award of points. In the event of an award of points the Club responsible for the unfulfilled fixture will, in addition to a Fine, have to make a contribution to their opponent's expenses, the amount of which is detailed in the Rules. Clubs who are awarded such expenses will receive credit for the amount in their End of Season Account.
- Please deal with any correspondence or communication from the League as soon as possible. Failure to respond to Fine Invoices or any request for a response from a Club to the League will result in action being taken by the Management Committee against the Club.

If you are uncertain about any aspect of the Rules or the procedures relating to Match Days please do not hesitate to contact the League Secretary or the relevant League Officer for assistance.
